

Thanksgiving

November, 2008

VILLAGE OF HOPE UGANDA

We have much to be Thankful for this year!

"God is doing immeasurably more than all we ask or imagine" is a good way of summing up 2008!

- 100 acres purchased to build the Village
- Safe House completed and 13 orphans have moved in
- Child Sponsorship Program started and 60 children have been sponsored: providing food and education
- We have been able to give 1 months supply of food, 3 times this year to all 350 of our orphans (including 40 child mothers and their babies)
- 95 Americans came to serve in Gulu
- Beads of Hope jewelry is selling well in the US; providing income to orphan households
- The LRA has NOT been in Uganda for 1 1/2 years
- God has funded: the well, 4 homes, Primary school, multi-purpose building, agriculture and barn!!!!!!!

Thank you for your support and prayers throughout 2008 that has made ALL of this possible.

Please continue to pray for us and ask God what your continued role with VOH would be as we move into 2009.

Would you please consider giving an end of the year gift to help support our children; and then watch God use it!

Welcome the Doud Family

Mike, Janelle and Jenna, 17 year old daughter, are from Tampa Florida. They were missionaries in Africa in the 80's, overseeing construction projects.

They have strongly felt God leading them to join our team!

Dec 6, Mike and Janelle will go with me to Uganda. Janelle and I will return to the US and

Mike will live on the LAND through February, preparing it for construction.

The entire family will move to our Land this summer to oversee the construction of the Village and teams from the US coming to build!

We are very excited and thankful that God brought them onto our team!

Pray for the Doud's as they:

1. Raise their living expenses
2. Prepare to move from the US to Uganda
3. Adjustment as they live in the "bush"
4. Wisdom as they work with local workers, oversee US teams and build our Village
